

PROFESSIONAL SUMMARY

Results-driven Front-end Developer with over a year of hands-on experience designing and building responsive, accessible web applications using React, Vite, JavaScript, and Tailwind CSS. ALX-certified with a demonstrated ability to deliver end-to-end projects, from UI/UX design in Figma through to live deployment on Vercel. Currently pursuing a B Sc in Computer Science at MIVA Open University, where I serve as Course Representative for the Computer Science department. Passionate about clean architecture, component-based systems, and building interfaces that feel like real products. Actively seeking junior and internship opportunities with remote-first, forward-thinking tech teams.

EXPERIENCE

Front-end Developer · Systems Builder

Mar 2025 – Present · 1 yr 3 mos

Freelance / Personal Projects

Remote

- Designed, built, and deployed multiple production-quality web applications entirely from scratch, managing every stage from Figma wire-frames through to Vercel deployment.
- Built Cerebra Quiz App end-to-end using React, Vite, and custom CSS, designed in Figma, deployed live; This demonstrates state management, responsive design, and real-world component architecture.
- Developed and shipped Login Page UI (HTML/CSS/JS) and LeonScriptJS Profile Card, both live on Vercel, showing strong CSS fundamentals and cross-device compatibility.
- Maintained clean, modular code bases across all projects using Git/GitHub version control and documented workflows.

Frontend Developer · Cerebra Quiz App (Capstone Project)

Feb 2026 – Mar 2026

ALX Frontend Development Programme

Remote

- Selected as capstone project for the ALX Front-end Development Programme; earned full certification upon successful completion and deployment.
- Led the project end-to-end, sole designer and developer, delivering a responsive IQ assessment platform from concept to a live Vercel URL.
- Implemented dynamic quiz logic, real-time scoring, adaptive state management, and a mobile-first UI using React, Vite, and Figma-designed components.

Executive Assistant to the President

Jan 2026 – Present · 5 mos

Youth Orientation for Development (YOD) — UNESCO-Affiliated NGO

Hybrid · Lagos, Nigeria

- Appointed to directly support the President of a UNESCO-affiliated international NGO operating across the UK, Poland, Korea, and Nigeria.
- Managed executive scheduling, prepared official speeches and institutional documents, and liaised with international stakeholders and partner organizations on behalf of the President.
- Issued a formal Letter of Recognition by the President for exemplary administrative and diplomatic service (May 2026).

PROJECTS

Cerebra Quiz App

LIVE

React 18

Vite

JavaScript

CSS3

Figma

Vercel

- IQ assessment platform with adaptive scoring, real-time feedback, and mobile-first UI — built end-to-end from Figma design to live deployment.
- Implemented quiz state management by lifting state to the top level; achieved full responsiveness using custom media queries without any CSS framework.

Dev Workspace Portfolio LIVE

Demo: <https://leonscriptjs-portfolio.vercel.app/> · GitHub: https://github.com/LeonScriptJS/leonscriptjs_Portfolio

React 18 Vite Tailwind CSS JavaScript Figma Vercel

- Personal portfolio designed as a SaaS-style product dashboard, glassmorphism nav, CSS grid hero, animated project modal, skills panel, and terminal-style contact section.
- Originally built in HTML/CSS/JS; fully converted to React + Vite + Tailwind with reusable component architecture and accessibility features.

Login Page UI LIVE

Demo: <modern-login-ui-weld.vercel.app> · GitHub: github.com/LeonScriptJS/Login_Page_Dev

HTML5 CSS3 JavaScript Vercel

- Responsive, accessible login interface built with zero frameworks. This demonstrates strong CSS fundamentals, keyboard navigation, and cross-device compatibility.

EDUCATION

MIVA Open University

May 2026 – May 2028

B Sc Computer Science · 100 Level, 1st Semester

- Coursework: Computing Sciences, Mathematics, Physics, Statistics, and Communication Skills.
- Course Representative of Computer Science Department, May 2026 Cohort (elected to represent and advocate for peers at departmental level).

ALX Africa

Nov 2025 – Mar 2026

Front-End Web Development Programme

- Intensive 4-month software engineering programme; designed and built Cerebra as the programme capstone, full end-to-end delivery from Figma to Vercel.
- Applied JavaScript ES6+, React, component-based architecture, responsive design, and Git/GitHub workflows across multiple real-world projects.

CERTIFICATIONS

ALX Certified Front-End Web Developer

ALX Africa · Issued Mar 2026

Credential: savanna.alxafrica.com/certificates/Bx8GEHrSCn

ALX Certified Freelance Professional

ACHIEVEMENTS & LEADERSHIP

- Course Representative, Computer Science Department — MIVA Open University, May 2026 Cohort · Elected to represent peers and liaise with departmental leadership.
- Letter of Recognition issued by the President of YOD-UNESCO (May 2026) in formal acknowledgment of executive, administrative, and diplomatic service.
- ALX Frontend Programme Completion — One of a select cohort to design, build, and deploy a full end-to-end capstone application (Cerebra) that earned programme certification.
